B.tech Computer Engineering Sem-1	Ramrao Adik Institute of Technology	9.33/10 CGPA (2022)
Senior Secondary	Indian School Muscat (CBSE)	92% (2021)
Secondary (High School)	Indian School Muscat (CBSE)	91.8% (2019)

EXPERIENCE

- **Productovo Bot** is the largest Discord Study Application with over 10000+ users worldwide. I built this bot using python and used mongodb to store and handle the database of students. The bot is still online and working as of August 2022.
- **Live Weather Forecast Web App** I built a web application which allows the users to get the current weather data as well as the forecast for the next 7 days using HTML, CSS, Flexbox, Javascript, node.js, express.js and EJS.
- **Teachnook Internship** I worked on several websites for the front-end as well as back-kend for my 2-month internship at teachnook from June-July 2022.
- **Simon Memory Game** I created this web based fun game where a person's memory is put to challenge using HTML, CSS and JQuery.
- **Crypix Console App** I coded this bot in python as a summer high school project. This bot features Covid information, Exercise Planner and a Youtube Video Downloader.
- **My Personal Portfolio Website** I have a beautiful personal website where you can find all my projects small as well as the big ones. I update the site regularly with my new work and new design.

SKILLS

HTML	★★★★☆
CSS	★★★★☆
Javascript	★★★★☆
DOM	★★★★☆
Bootstrap	★★★★☆
Flexbox	★★☆☆☆
Node.js	★★★★☆
Express.js	★★★★☆
MySQL	★★★★☆
Mongodb	★★☆☆☆
C	★★★★☆
Python	★★☆☆☆
React.js	★☆☆☆☆

OTHER ACHIEVEMENTS

- Volunteered for the knight hunter event at Tech Fest 2022
